ASI LOBBIES AT CHESS

The California Higher Education Student Summit (CHESS) was hosted by the Cal State Student Association (CSSA) and empowers students to become change agents in advocating for an accessible, affordable, and quality system of public higher education for all Californians. The annual CHESS conference was on March 7th where different CSU Initiatives were discussed. At CHESS, initiatives like more CSU Funding, Financial Aid reform, and current bills for change were all on the table. ASI representatives that attended were able to lobby and meet with 8 different legislators to advocate for their initiatives.

AN EXCERPT FROM ASI’S OFFICIAL STATEMENT DENOUNCING ASIAN AND PACIFIC ISLANDER HATE CRIMES

Now deep into the COVID-19 pandemic, we hope you are staying safe and healthy. We are in a time of increased stress, uncertainty, and recurring injustices. There has been a longstanding history of discrimination in our country and we are currently living in a time where more tragedies are occurring... In efforts to raise awareness and support, we would like to share with you resources that will hopefully strengthen our allyship, our direction towards justice, and to denounce any hatred that divides our community:
