

# 2020-21 Business Administration, B.S. Operations & Supply Chain Management Concentration

## Why Cal State East Bay

The College of Business & Economics (CBE) provides a leading-edge curriculum and a customizable approach to business education. Our B.S. in Business Administration is structured around a core set of classes that develop comprehensive business perspectives and skills. With classes that range from International Business to Professional Business Ethics to Marketing Principles, a graduate in our program is poised for a lifetime of achievement in the professional world.

## What Makes Our Program Distinctive

The coursework for the Operations and Supply Chain Management concentration develops student competence in the conceptual, managerial, and analytical tools required for careers in service and manufacturing operations. Students obtain knowledge and skills necessary to manage an organization's resources and processes in order to increase productivity, improve quality, reduce cost, and satisfy customer needs. The range of concentration topics includes: service operations, quality and lean management, global and sustainable supply chains, enterprise planning and control, project management, and emerging technologies and analytics.

## Career Readiness

The CBE Office of Career & Professional Development provides networking events, mentorship programs, leadership and career preparation workshops, where our students can hone their skills and make the connections necessary to launch their careers. As your partner for career and recruitment success, we provide quality services, support career preparedness initiatives and offer college-wide career programming for all College of Business & Economics students, alumni, and employers. It's never too early to begin thinking about your career. Successful careers start with a strong strategy. We provide CBE exclusive workshops, company information sessions, internship opportunities, networking events, and other resources that will guide you through the career planning process and help develop that strategy.

## Student Support

As you focus on your studies, the CBE Office of Undergraduate Advising focuses on you. Our office is here to help make your undergraduate experience a positive and enriching journey. Our professional advisors and friendly staff are fully engaged in furthering your academic success by providing personalized academic guidance and resources from your freshman to your senior year. Our main functions are academic advising, transcript evaluation upon admission to the major, and providing audits for graduation. We also manage registration and assist with other College or University policies and procedures. We strive to provide proactive, timely and accurate academic support.
