Curriculum Committee Meeting

Date:  
Jan 29, 2021

Participants:  
Nancy Mangold, Eric Fricke, Vish Hegde, Jiming Wu, Peng Xie, TT Rajan Selvarajan, Ya You, Kai Ding

Agenda:

1. MGMT 300
   - Based on the last GE meeting, it seems unlikely we will get approval for MGMT 300 for C4 course or for diversity overlay.
   - It is more likely that we will get this course approved for social justice overlay. Do we want to pursue this? What will be the benefit for our curriculum?
   - What will be the overall impact of the above on our curriculum?
   - Nancy: AB 1460, California requires ethnic studies, so no need to worry about diversity overlay (because ethnic studies needed in coming year or so).
   - Jiming Wu will work with management to see how to disburse BUS 335 learning objectives into MGMT 300 and MGMT 310 and MKTG by May 2021.
   - Jiming Wu will propose removal of BUS 335 from BSBA curriculum by May 2021.
   - MGMT 300 will not seek C4.
   - Should MGMT 300 seek social justice? May not be worth it.
   - Report back to curriculum committee by March 2021.

2. ECON 380 – required core course
   - This course is coming up for renewal of certification for GE and for Sustainability overlay in 2021-22
   - Economics Department would like to remove this course from sustainability overlay.
   - What will be the impact of this removal on BSBA curriculum.
   - What are the recommended action to reduce the impact on BSBA curriculum.
   - Work with management or other dept to get a course for Sustainability overlap, by May 2021.
   - Report back to curriculum committee by March 2021.

3. ECON 200
   - Economics Department would like to get out of Social Justice overlay for ECON 200.
   - What is the impact on BSBA curriculum?
   - Recommendations?
   - ECON 200 is re-certifying for GE D1-3 and social justice.

4. ECON 306
   - ECON 306 is a GE D4 course. D4 has a cap of 30 max for each section.
• Can you examine the importance of continuing to have ECON 306 as a **GE D4** course with a cap of **30** while all other CBE UD courses have a 55 class cap.
• The budget situation may force CBE to be more prudent on the use of faculty and our budget. What will be the impact if ECON 306 does not go for D4 certification?

**ECON 306 is up for D4 re-certification next year.**
• Vish will convene Econ department meeting for a discussion.
