WHY SHOULD YOU STUDY FINANCE

EXCELLENT training for careers in banking, corporate finance, investment, insurance, consulting, and other careers that require a basic understanding of finance.

Provides access to PERFECT career choices for those who prefer to work with clients independently and possess a high tolerance for risk.

GREAT concentration for active listeners with high levels of critical thinking, monitoring, reading comprehension, and interpersonal communications.

WHY ARE FINANCE STUDENTS IN SUCH DEMAND?

A finance student trains to analyze financial records to improve budgeting, planning, or investment strategy. Finance careers have a bright outlook and are expected to have large numbers of job openings in the next several years.
