What is Optional Practical Training (OPT)?

OPT is temporary employment authorization for International Students in F-1 status. OPT provides an opportunity for students to apply the knowledge acquired from their academic program to a work experience directly related to their current major field of study.

- **Length**: 12 months at each higher education level. You may become eligible for another 12 months of OPT when you move to a higher education level in the US.

- **Jobs**: While on OPT, students job(s) must be directly related to their current major(s), not minor.

- **How to obtain OPT**: You will email your completed OPT Request Form to CIE advisor and we will email you your OPT Request I-20. You will then submit your application to USCIS.

- **Processing Time**: Processing time for USCIS to approve your application and mail you the “Employment Authorization Document” up to 90 days or more
Types of Employment

All employment must be related to your major

• **Paid employment.** Students may work part time (at least 20 hours per week when on post-completion OPT) or full time in a job related to their field of study.

• **Multiple employers.** Students may work for more than one employer, but all employment must be related to the student’s degree program.

• **Short-term multiple employers (performing artists).** Students, such as musicians and other performing artists may work for multiple short term employers (gigs). The student should maintain a list of all gigs, the dates and duration. If requested by USCIS, students must be prepared to provide evidence showing a list of all gigs.

• **Work for hire.** This is also commonly referred to as 1099 employment where an individual performs a service based on a contractual relationship rather than employment relationship. If requested by USCIS, students must be prepared to provide evidence showing the duration of the contract periods and the name and address of the contracting company.
Types of Employment

- **Self-employed business owner.** Students on OPT may start a business and be self-employed. In this situation, the student must work full-time. The student must be able to prove that he or she has the proper business licenses and is actively engaged in a business related to the student’s degree program.

- **Employment through an agency.** Students on Post-Completion OPT must be able to provide evidence showing they worked an average of at least 20 hours per week while employed by the agency.

**Unpaid employment** Students may work as volunteers or unpaid interns, where this does not violate any labor laws. The work must be at least 20 hours per week for students on Post-completion OPT. These students must be able to provide evidence from the employer that the student worked at least 20 hours per week during the period of employment.

It is recommended that you maintain evidence for each job: the position held, duration of that position, the job title, contact information for the student’s supervisor or manager, and a description.
Employment Authorization Documentation (EAD)

- EAD will be mailed to you upon approval
- Dates indicate your eligible dates to work
  - You cannot begin working until the start date if you get the card before the start date
- Shows employers you are eligible to work in the USA

**Make sure you check for any spelling errors**
90-Day Unemployment Limit

- Your unemployment starts from the date on your EAD card, even if the date is in the past.
- You must work at least 20 hours per week in a qualifying position to be considered “Employed”.
- To avoid violating F-1 status, prior to reaching the 90-day unemployment limit, a student should take one of the following actions:
  - Apply to continue his or her education by a change of level or transferring to another SEVP-certified school
  - Depart the United States
  - Take action to otherwise maintain legal status
- SEVP has the authority to TERMINATE your SEVIS record for failing to report employment within 90 days

If one of those actions is not taken, a student who has exceeded the period of unemployment is considered violated his or her status. The student must depart the U.S. immediately as there is no additional grace period.
Eligibility to Apply

You must meet the following criteria in order to be eligible to apply for OPT:

• Be in valid F-1 status
• Enrolled full-time. Minimum 12 units for undergraduate students or 8 units for graduate students. You are also eligible to apply for OPT if you have approved Reduced Course Load (RCL).
• Fulfilled one year full-time requirement. You must have been enrolled full-time for at least one full academic year prior to submitting an OPT application. You have not already been approved for 12 months of OPT at the current degree level.
• Must be in good academic standing

**Job offer is not required.
Program Completion Date

The program completion date may NOT be the same as your graduation date or the term you filed for graduation. Program Completion is when you complete all degree requirements.

CIE will change the program end date on your I-20 and print a new I-20 with OPT recommendation to you. You cannot work on-campus beyond your program end date on the I-20.
When to Apply for Post Completion OPT

• Submit your application up to 90 days before your program completion date
  – You may also submit your application during the 60 day grace period after the program completion date.
  – You must be physically in the US while applying for OPT. If you leave the US during the grace period, you lose your opportunity to apply for OPT

When Can I Apply?

Apply up to 90 days before or 60 days after program completion date.
Determine your OPT start & end date

- Your *requested* start date must be within your 60 day grace period after the program completion date.
- OPT will end 12 months (365 days) from the start date, or within 14 months of the program completion date.
- Once USCIS receives your OPT application, it is very difficult to change the requested OPT start and end dates. This could also delay application.
