OPT STEM Tutorial

Please note this presentation is for instructional purposes only.

An OPT STEM application to USCIS is your own personal application (you are signing the I-765, not us). You alone are responsible for timely filing with the required documentation, understanding F-1 regulations regarding OPT STEM and maintaining F-1 status.

This presentation is not legal advice. If you have more detailed questions, we recommend consulting an immigration attorney.
OPT STEM Extension

- It is your responsibility to understand the details and requirements of your F-1 status.
- You must maintain your F-1 status while on OPT STEM
- Read this entire tutorial carefully to understand:
  - Eligibility
  - Timelines
  - Procedures
  - Requirements
  - Validation reports
OPT STEM Overview

Students in F-1 status who are currently on OPT can extend their work authorization an additional 24-months if they meet certain criteria.

- Temp/Staffing Agencies, 3rd party worksites
  - Staffing and temporary agencies may employ students but only if they will be the entity that provides the practical training to you
  - OPT STEM participants may engage in a training experience that takes place at a 3rd party worksite as long as all of the training obligations are met.
- A STEM OPT Employer may not assign its training responsibilities to a non-employer third party.
- Volunteer/Unpaid positions and Self Employment are **NOT** permitted on 24 Month STEM Extension.
Unemployment during OPT STEM

- If your OPT STEM application is received by USCIS before your post completion OPT expires, you can continue working for up to 180 days after the expiration date of your OPT EAD.
- Students who receive OPT STEM are given an additional 60 days of unemployment for a total of 150 days over their entire post completion OPT period
  - Any leftover unemployment days (90) from your Post Completion OPT can be added to the 60 days from the OPT STEM, not to exceed 150 days
  - Example: If you used 30 days of unemployment while on Post Completion OPT, then you have 120 days of unemployment once you receive your OPT STEM EAD

Warning: SEVIS may terminate students who have used all unemployment dates!
Application Timeline

- You may apply as early as 90 days before your OPT EAD end date.
- You must submit your **STEM I-20 Request** to CIE at least 2 weeks before your current OPT EAD expires.
  - Some employers take longer than others to complete and sign the **I-983** so plan accordingly.

- USCIS processing time range from 2-4 months.

Reminder: You can continue to work for up to 180 days while your OPT STEM application is pending with USCIS.

   The I-20 will be emailed to you with 3-5 business days after submitting complete supporting documents.

3. Prepare, collect & submit your application to USCIS
