Selection of Faculty Athletics Representative

Dear Faculty, Coaches, Trainers, and Athletics Staff and Administrators,

I am pleased to announce Dr. Summer Jackson has agreed to serve as Cal State East Bay's next Faculty Athletics Representative (FAR). Dr. Jackson will serve as the institutional liaison to the athletics department and be a key contact for student-athletes, academic accommodations for student-athletes, compliance and student-athlete welfare. More information on the responsibilities of the FAR can be found [here](#). Dr. Jackson succeeds Dr. Dave Larson who served ably as our FAR for 15 years. Please join me in recognizing and thanking Dr. Larson for his dedicated service.

A former Division I athlete, Dr. Jackson was selected to represent her team on the Student-Athlete Advisory Council where she became versed in NCAA rules, regulations and policies. At Cal State East Bay, she has supported our student-athletes in multiple ways, including assisting the swim team with recruitment, attending different athletic events, and fostering connections between athletics and the campus community.

I am grateful that Dr. Jackson will be taking on this role for the university.

Sincerely,

Cathy Sandeen
President
