3. Chair’s Report
   a. Nothing to report

4. Proposals

   COMM 310 - new course UDC okay, JP - main concern is putting on Social Justice overlay–how does Ancient Greek relate to modern day?
   Ines adv overlay doesn’t require to be related to contemporary times; proposal was submitted by brand new faculty so may not be familiar with process
   Ines suggested an appt with new faculty so that they can help with formatting/submission
   Motion to rollback and return: Ines
   Second: John
   All in favor 3-0

   HDEV 499 - John one concern syllabus is missing tech req, otherwise all checks okay; writing requirement checks ok, adding UWR
   Motion to approve as is: John
   Second: JP
   All in favor: 3-0

   Chicanx and Latinx Studies Minor
   Ines - removing and adding in a new course; did not make original deadline
   Motion to approve: Ines
   Second: John
   All in favor: 3-0

   ES 300 - Shubha’s comment: GE proposal concurrently submitted, syllabus is complete but course outline readings not included
Proposal shows UWR, syllabus does not (not necessarily a requirement); John and JP both concerned that assignments aren’t as “heavy” as other UWR classes
Luz - read thru UWR reqs, this class doesn’t meet standard
John - perhaps we send it forward so that next committee can decide if this is acceptable
Monique - corrections can be made in time for deadline
Motion to rollback, refine, and approve: Ines
Second: John
All in favor: 3-0

COMM 303 - new course for UDC and diversity overlay
Monique - no specific examples for diversity overlay, learning outcomes are more like what students will do, as opposed to what they will show
Luz adv same proposer as COMM 310; will work with new faculty to resubmit proposals
Motion to rollback & return: Ines
Second: Monique
All in Favor: 3-0
