## Our Mission

To provide accurate and responsive credential information to students and the education community through personalized and efficient services.

# ‘Clearing’ Your Multiple Subject or Single Subject Teaching Credential

**In California, the teaching credential is a two-tier system.** Candidates who complete the current Multiple Subject or Single Subject Teaching Credential program earn a ‘preliminary teaching credential’ which is valid for five years. Under Senate Bill 2042, preliminary credential holders are required to earn a clear credential through the completion of a Commission-approved General Education Induction Program through an approved school district, county office of education, college or university, consortium, or private school. See Commission leaflet CL-561C. If an induction program is not available as

determined by an eligible employer the credential holder may complete a Commission-approved General Education Clear Credential Program. Routes to a Clear Multiple or Single Subject (SB2042) Teaching Credential: [www.ctc.ca.gov/educator-prep/PS-alerts/2011/PSA-11-15.pdf](http://www.ctc.ca.gov/educator-prep/PS-alerts/2011/PSA-11-15.pdf). At CSU East Bay, the Clear Credential Program is not active due to budgetary restraints.

The following are three key reminders related to the clear credential process:

1. As you begin your teaching career, inquire with your employer about options available to you to clear your credential.

2. If employed and Induction is not available to you through your employer, then you will be able to complete a General Education Clear Credential program offered through a program sponsor.
3. If you are not employed after earning your preliminary teaching credential, then you will be unable to clear your preliminary teaching credential.

For the most updated regulations and requirements, visit the Commission on Teacher Credentialing website at: [www.ctc.ca.gov](http://www.ctc.ca.gov).
