The Diversity and Inclusion Student Affinity and Resource Centers (DISARC) recognizes the intersectionality within diverse ethnicities and identities from which our students and campus community belong. DISARC aspires to create spaces of inclusion and social justice as we engage in and with the Cal State East Bay community. We use a holistic approach to strengthen an environment that values culture, identity, social change, and transformational experiences to promote social, cultural and academic success at Cal State East Bay.

DEPARTMENT SERVICES

- Community and cross-collaborative engagement and programming
- Physical Space to exist in your identity freely
- Cultural identity celebration, exploration, and elevation
- Access to academic support services and programs
- Resources for basic needs

DISARC UPDATES

DISC

The Diverse Inclusion Success Center is a safe room/space for all students/staff to just enjoy themselves and to let them be themselves. Whether it's listening to music, watching some anime on our TV, studying together in the space, or possibly taking a nap, this space is for all people who feel they need a space for themselves. Whether we hold events or we are all chilling in the room together, this place is supposed to be a place that's building a community where all people feels safe.

APISSC

The APISSC also known as the Asian Pacific Islander Student Success Center is an open space for students to come in and express themselves whether that mean to express their cultural and identity. We want to create a space where students can grow. We try our best to provide students with opportunities for personal growth, leadership, community building, and development for social changes.

USRC

The Undocumented Students Resource Center is a department here for students who need a place that understands the struggle of being a first generation student. It provides resources that will help students when no one else provides. Undocumented Student Resource Center: Center on campus part of the DISARC that focuses on providing support and a community for undocumented students on campus and to their families. Also provides legal resources/ advice to students. Creating a sense of belonging. Making sure our students feel seen and heard.

BSSC

The BSSC is a center catered to people that identify anywhere in the black diaspora but not limited to just that. We hold events and also have discussions about what we face as a community here. The center is really a place for you to come in, meet new people, and just celebrate community.

LSSC

The LSSC is center where people who identify as Latinx can find a community. It is also where people who want to embrace the culture can. We have multiple events throughout the year, as well as pop-ups with staff where you can come and chill with us and use the space.
