SUGGESTED STUDENT COURSE PLANS (ROADMAPS)

Semester	Year 1 Term 1	Year 1 Term 2	Year 2 Term 1	Year 2 Term 2	Year 3 Term 1
Semester	Fall	Spring	Fall	Spring	
If taking 12 units per semester	HDEV 300 (1 unit) HDEV 301 HDEV 311 HDEV 321	HDEV 302 HDEV 312 HDEV 322	HDEV 401 Concentration (1) Concentration (2)	HDEV 400 (1 unit) HDEV 499* Concentration (3) G.E. (1)	G.E. (2) G.E. (3)
If taking 16 units per semester	HDEV 300 (1 unit) HDEV 301 HDEV 311 HDEV 321 G.E. (1)	HDEV 302 HDEV 312 HDEV 322 G.E. (2)	HDEV 401 Concentration (1) Concentration (2) Concentration (3)	HDEV 400 (1 unit) HDEV 499 G.E. (3)	

Notes:

- Take HDEV 300 in your 1st term. This is a 1 unit orientation course that will help guide you through the major.
- HDEV 301 and HDEV 301 should be completed before taking HDEV 401.
HDEV 401 should be completed before taking HDEV 499.
Please plan your courses accordingly.
- Concentration (1) (2) (3): Concentration courses may be taken in any order

G.E (1) (2) (3): The 3 upper division G.E. courses include one course of each of the 3 categories: B6 (science), C4 Humanities, D4 Social Sciences. These courses may be taken in any order. Please consult an AACE Advisor.
- The above plan is based on the assumption that you have transferred to the program with 67 semester units. If you only have 60 units when entering, you need to earn the remaining 7 units as your general elective courses, any course(s) of your choice. Please consult an AACE Advisor.
- The above plan *does not* include summer courses. If you choose to take courses in the summer then you would complete the major sooner.

Semester Conversion Transitional Course Equivalency Policies for HDEV and WOST Courses

- If you started your HDEV major or WOST minor in or before Spring 2018, and graduate in or after Fall 2018, you may choose to follow either the requirements of the catalog of the term when you declared your major, or the requirements of the catalog of the term of your graduation.
- If you are entitled and chose to follow the 2017-2018 (or earlier) catalog, you may use HDEV 499 (equivalent of 6 quarter units) as a substitute for both HDEV 4811 and HDEV 4812 (totaling 8 quarter units).
- For all other HDEV and WOST courses, except for HDEV 4811, 4812, and HDEV 499 as mentioned above, any quarter-based courses are equivalent to any semester-based course, with the 1 (semester) unit to 1.5 (quarter) units ratio, as long as the course contents are not the same (e.g., if a student has already taken HDEV 3301 Child Development, the student is not allowed to take HDEV 311 Child Development as a substitute for other courses.).
