

# SAVINGS PLUS PLAN COMPARISON

## 401(k) vs. 457(b)

One of the decisions you make when you enroll is whether to choose a 401(k) or 457(b) plan, or both. You will also want to consider whether you will make pre-tax or Roth contributions to your account. You may choose to make pre-tax contributions to your account and pay taxes on contributions and earnings when you take a distribution. Roth contributions are also available, which means you have already been taxed on the contributions before it enters your account(s), so you may take tax free distributions if certain criteria are met.

We give you a choice: would you rather pay taxes now or later? Compare your options by using the chart below.

	401(k)		457(b)

<sup>1</sup> Combined contributions to the 401(k) and the California State University System 403(b) plans also cannot exceed \$19,500. Combined contributions to the 457(b) and PST plans cannot exceed \$19,500.

<sup>2</sup> The Traditional 457(b) Catch-Up provision and the Age-based Catch-Up provision may not be used in the same Plan within the same calendar year.

<sup>3</sup> One outstanding loan per plan is allowed, not to exceed two outstanding loans across both the 401(k) and 457(b) plans. You may qualify for a loan based on your account value. Note: A defaulted loan is considered a withdrawal or distribution and will be treated accordingly. Visit [savingsplusnow.com](http://savingsplusnow.com).

<sup>4</sup> Withdrawals may be subject to ordinary income tax. Withdrawals made prior to age 59½ may incur a 10% early withdrawal tax. Eligibility criteria to withdraw funds are featured in the 401(k) Hardship Withdrawal Booklet in the Forms/Publications/Support section of [savingsplusnow.com](http://savingsplusnow.com).
