

Greetings from Galileo!

Summer is just around the corner, and we still have a few spots left for paid student internships. Galileo is a nationwide network of STEAM, project-based learning, and innovation-focused summer camps. We help foster the next generation of innovators, and we have fun while doing it. We still have openings for:

- [Camp Counselor Interns](#): Our Camp Counselors will take their small groups of campers from rotation to rotation and spearhead camper management and community building.
- [Instructor Interns](#): Focus on teaching one elementary-level subject (art, science, or outdoor play) to a specific age group for the entire summer.

All you need is 15 minutes and an updated resume to take the next step in having one of the most transformative summers of your life!

**Our final priority application deadline is Sunday, May 15th, at 11:59 PM PT.**

We look forward to seeing your application soon!

Yours in Innovation,

The Galileo Team
