Welcome

Dear Cal State East Bay Families,

Welcome to the Cal State East Bay community. This Guidebook is designed to share some of the exciting learning opportunities your student will experience as a “Pioneer”.

The “Pioneer” is more than our university mascot. The Pioneer represents our values and aspirations for students at Cal State East Bay: Pioneers explore new horizons; Pioneers address challenges creatively and resolutely; Pioneers work together and enjoy the support of their family and friends.

These values are reflected in six learning outcomes that we expect all students to achieve — both in the classroom and in their lives while they are students at East Bay. We expect our graduates to understand the importance of each of these and how to apply their knowledge and skills in their future careers and community roles. The employers we talk with also tell us that they want to hire graduates who are skilled in their major field of study and competent in the following areas:

- Thinking and reasoning (analytically and creatively)
- Communication (and listening!)
- Diversity (engaging in community)
- Collaboration (and team work)
- Sustainability (and responsible citizenship)
- Specialized field or major

Different courses at Cal State East Bay teach all six of these abilities, but students learn some of them even more effectively outside the classroom. Students must be able to communicate and collaborate in

the residence halls and in the clubs and organizations they join. Our service learning program reveals the essentials of responsible citizenship in a very diverse region. Student leaders can apply creative thinking and problem-solving skills in a wide variety of activities.

We know how proud you are that your student is coming to the University — and how much more proud you will be at commencement, just a few years away. Our Parent and Family Programs will help you participate in your student’s experience at East Bay, and assist you in understanding the goals and expectations of the university. We will introduce you to services and engagement opportunities for you as Pioneer Parents.

To complete the journey from new student to graduate, each student learns to succeed as an individual — but not alone. We look forward to working with you as partners in supporting your student along the way.

CAL STATE EAST BAY

California State University, East Bay

California State University, East Bay is known for award winning programs, expert instruction, small classes, a highly personalized learning environment. More than 100 fields of study are offered, including 47 Baccalaureate Degrees, 56 Master's Degrees, 39 minor options, and an Ed. D. in Educational Leadership.

Our Mission

Cal State East Bay welcomes and supports a diverse student body with academically rich, culturally relevant learning experiences, which prepare students to apply their education to meaningful lifework, and to be socially responsible contributors to society. Through its educational programs and activities the University strives to meet the educational needs and to contribute to the vitality of the East Bay, the state, the nation, and global communities.

Our Campuses

With three locations in the San Francisco East Bay, Cal State East Bay offers many choices for degree completion and career development. The main campus is located in the beautiful hills of Hayward, CA, and the Concord Campus branch is located at the foot of Mt. Diablo in Contra Costa County. The Oakland Professional Development center campus serves working students from across the region.

Students First

With our students-first commitment, students receive individualized learning with an undergraduate class sizes average 29 students, and a student-to-faculty ratio of 28:1. Graduate class sizes average 27 students, with a student-to-faculty ratio of 17:1.

Athletic Championships

Since 1961, Cal State East Bay Pioneers have won more than 80 conference championships, captured seven national collegiate championships, produced more than 430 All-Americans and Academic All-Americans. Read more at the East Bay Pioneers [Athletics](#) web site.

High Ratings

In 2017, the *Princeton Review* rated Cal State East Bay a "Best in the West" college for the ninth consecutive year. In 2011 it included CSUEB's College of Business and Economics as one of the nation's 300 "Best Business Schools" for the sixth year. Cal State East Bay has been chosen as a "Publisher's Pick" by *The Hispanic Outlook in Higher Education* for the advancement of Hispanic students. The CSUEB undergraduate program was named in 2012 as one of the nation's Top 100 degree-producing institutions for students of color, by *Diverse Issues in Higher Education*.

Academic Advising and Degree Progress

Academic Advising

Academic Advising is provided to students at a variety of offices on campus. Students should seek advising several times a year to be sure they are taking the courses required for their major and degree plans.

Academic Advising and Career Education (AACE)

AACE is a one-stop center for both academic advising and career development. Counselors can help students understand and complete all General Education and graduation requirements, and also assist with identifying career goals.

AACE is located on the 2nd Floor, Student Services and Administration Building. Call 510-885-3621 for an appointment. Visit the AACE web site to see the many services offered including academic advising, major exploration, career tools and workshops, internships, jobs on campus and more!

Undergraduate Student Advising

First-year students are encouraged to visit AACE as early as possible, so that counselors can help them choose a major field of study, join a learning community, and chart academic progress. For EOP Advising, see the EOP Program.

Advising in your major

Department advisors and service centers in the four colleges help students to stay on course with the appropriate courses in the right sequence. Contact the service center for your college, or the academic department for advising assistance in your major.

Colleges and Departments

Each of the four Colleges at Cal State East Bay has a student service center which offers information about scheduling, forms, academic progress, requirements in their major and graduation.

Degree Progress in MyCSUEB

Students can track their academic progress in their MyCSUEB student center, the online system that keeps the student's records. Here, they can review their progress and receive notes from their academic advisor.

Athletics

Athletics

eastbaypioneers.com

Whether your student wants to be an athlete or your family wants to cheer on the East Bay Pioneer teams, be sure to check out the Athletics web site online for information and events.

East Bay Pioneers

Cal State East Bay is a member of the National Collegiate Athletic Association (NCAA). The Cal State East Bay Athletic Department sponsors 15 Intercollegiate sport programs. Men's teams include Baseball, Basketball, Cross Country, Golf, Soccer, and Track and Field. Women's teams include Basketball, Cross Country, Golf, Soccer, Softball, Swimming, Volleyball and Water Polo.

Athletics

Pioneer Championships

CSUEB is a member of the California Collegiate Athletic Association (CCAA) which has won 152 NCAA championships in its 75-year history, the most of any Division II conference.

Since 1961, the Pioneers have won a total of six team national collegiate championships and seven individual national championships. Cal State East Bay has produced over 250 All-Americans and has won 80 conference championships in NCAA Divisions II and III, as well as in the National Association of Intercollegiate Athletics.

Visit the [Athletics web site](#) for coaches, game schedules, tickets, the latest scores, photos, sports news, a visitor guide and more.

Student Accounts

Student Accounts:

NetID, E-mail, BayCard and MyCSUEB

First: Activate NetID

Learn how to activate your NetID at the NetID web site csueastbay.edu/its/netid/

Second: Set up Horizon Student E-mail

horizon.csueastbay.edu

Horizon student e-mail is where students receive all official communications from the University regarding enrollment, registering for classes, paying fees and more. Students should setup their e-mail inbox after activating their NetID. Students should check their campus e-mail often and regularly for messages from the University.

A student may choose to have their student e-mail forwarded to a personal e-mail account. They should not opt out of University e-mails as long as they plan to remain a student at Cal State East Bay to ensure they receive all official communications from the University.

Third: Get your BayCard Student Photo ID made

[BayCard web site](#)

The BayCard enables students to use campus facilities and services such as the library, computing labs, and student health center, and the Recreation and Wellness Center (RAW). The BayCard allows students to access money they may have placed in the student's BayCard online account.

To obtain the student BayCard with photo, students should visit the Library's main Circulation Desk at the Hayward Campus, or visit the Academic Service Center lobby at the Concord Campus. They must bring a valid Driver's License or Passport. Admitted students must have an activated NetID to obtain a BayCard.

To learn more or to log in to their BayCard account, students should visit the [BayCard web site](#). For questions e-mail: baycard@csueastbay.edu or call 510-885-CARD

Fourth: Use MyCSUEB to enroll in classes and keep track of your academic record

my.csueastbay.edu

MyCSUEB is the online interface for students to check their application status, class schedule, enroll in courses, deal with financial aid, grades, holds and other matters related to their academic record. Students can search class listings, online courses, the University Catalog, make a payment, and other transactions through MyCSUEB.

Blackboard and Student Center for Academic Achievement

Blackboard Learning Management System

bb.csueastbay.edu

Blackboard is a software application that provides both a student portal and a course management system at Cal State East Bay. Students can access Blackboard with their NetID and password. Blackboard provides students with course materials, communications with professors, connection with classmates and study groups, custom portfolios, online storage for documents and Google research help.

Useful Links and Online Connections

Other useful features in Blackboard include:

- Links to CSUEB clubs and organizations
- Link to University news and events
- Course catalog, search available courses
- Browser compatibility check tool
- Software tools to access online courses

For more help visit the [Blackboard Web site](#).

Student Center for Academic Achievement (SCAA)

library.csueastbay.edu/scaa/

The Student Center for Academic Achievement (SCAA) provides FREE tutoring for math, writing, and statistics and other student learning services and programs. SCAA helps students improve their skills and to become confident, independent learners. The SCAA has a talented and capable staff of tutors and reception desk assistants who will do their best to help the student to succeed.

To make tutoring appointments, students may:

- 1) Stop by the SCAA in person
- 2) Telephone the SCAA at 510-885-3674
- 3) Use the TutorTrac program after the third week of to make an appointment online. (Not available during summer)

Student Housing and Campus Dining

Student Housing & Residence Life

csueastbay.edu/housing

Students can make the most of their college experience by living on campus where they have access to activities, events, learning resources and advisers. Visit the housing web site to learn about options for housing on or off campus. If a student is interested in living on campus, the housing application should be made as soon as the student decides to attend Cal State East Bay to get maximum consideration, due to the high demand for housing. If housing reaches capacity housing applicants are placed on a waiting list.

Campus Dining

Students may select from a variety of dining locations and meal plan options on campus. Enjoy the spacious Dining Commons overlooking the San Francisco Bay, or explore the variety of food services offered in the Student Unions.

Student Meal Plans

Students who live on campus are required to purchase a meal plan as part of their housing contract. Meal plans are also available to any students living off campus. Meal Plans include a set number of meals per week, plus flex cash to use at other food service areas on campus. Students may purchase Meal Plans at the Campus Dish web site, csueastbay.campusdish.com or in person at the Dining Commons.

Accessibility Services

Accessibility Services csueastbay.edu/as

The Office of Accessibility Services provides services to qualified students with disabilities through programs offered at the Hayward and Concord Campuses, to provide equal access to classroom programs and campus activities consistent with Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, associated California laws and regulations, and CSU policy.

We inform and collaborate with faculty and staff to ensure successful implementation of accommodations and to increase the level of access and inclusion of all individuals on campus. To apply for accommodations, please review the information and document deadlines on our web site and complete the Accommodated contact form.

Prospective students should visit our [Accessibility Services web site](#) to learn about our many programs offering student accommodations and assistive technology, how to apply for services, and to find answers to your questions.

Student Conduct, Rights and Responsibilities

Student Conduct, Rights and Responsibilities

csueastbay.edu/students/campus-life/student-life/sdja/index.html

The Office of Student Conduct, Rights and Responsibilities administers the Student Conduct Code (California Code of Regulations Title 5, Section 41301). Matters relating to student conduct and violations of the Student Conduct Code should be referred to this office. The Office of Student Conduct, Rights and Responsibilities addresses student conduct issues in a manner to facilitate the ethical development of students, encourage respect for the campus community, and hold students accountable for violations of the Student Conduct Code.

Standards for Student Conduct

Campus Community Values

The University is committed to maintaining a safe and healthy living and learning environment for students, faculty, and staff. Each member of the campus community should choose behaviors that contribute toward this end. Students are expected to be good citizens and to engage in responsible behaviors that reflect well upon their university, to be civil to one another and to others in the campus community, and contribute positively to student and university life.

Grounds for Student Discipline

Student behavior that is not consistent with the Student Conduct Code is addressed through an educational process that is designed to promote safety and good citizenship and, when necessary, impose appropriate consequences. Learn more at the Student Conduct web site.

Student Rights and Responsibilities

California State University, East Bay, welcomes the great variety of students of our campuses in Hayward and Concord, both as a strength and an opportunity. We respect and learn from each other's distinctive experiences and traditions, students, faculty and staff form a community dedicated to free inquiry and the unfettered exchange of ideas and criticism, as well as to practical accomplishment.

The university values the diversity in background, interests, experiences, beliefs, and cultures of faculty, staff, and students. Students come to campus with unique experiences, and while on campus, as a result of their interaction in the formal classroom and co-curricular programs and activities, they continue to develop and expand their knowledge and pursuits.

Freedom of expression and academic freedom are essential. The university is an institution that recognizes unfettered freedom in the give and take of ideas and opinions. The ideal of the university as a marketplace of ideas must not interfere with the equally important ideal of a university where all people are respected. We strive for an environment where tolerance, rational discourse, thoughtfulness, and reason prevail over uncontrolled emotion and prejudice.

General Tips

General Tips

According to Karen Levin Coburn, Assistant Vice Chancellor for Students at Washington University, it can be a challenging time for parents of new college students. After 18 or more years of parenting, it can be difficult to let go. Here are a few of the challenges of the transition and some tips to help you as parents and family. For the complete article, visit greatschools.org/gk/articles/letting-go-new-college-students/

- Recognize this is a time of ambivalence for parents and for students. It is good to talk with other college parents. The Pioneer Parents & Family Program offers many ways to connect parents and provide resources to help you handle the mixed emotions and sense of loss. Your student will also experience emotional ups and downs during this transition.
- Take comfort in the knowledge that a part of you is going with your child. You have provided the foundation that will accompany your student through the years. They may not immediately acknowledge every word of advice but they have learned much from you already.
- Enjoy this time of celebration. Try not to focus on the upcoming departure. You might miss the full impact and joy of this milestone.
- Be prepared to see less of your student this summer. They will likely be spending as much time as possible with friends. Please allow them this special time together.
- Make a financial plan and discuss academic goals and expectations with your student. Develop a tentative budget and be clear about who will pay for what. It is also important for them to take ownership of their education.
- Talk with your student about how you'll keep in touch. Brief phone calls or text messages are good ways to connect. Just don't count on a reply to every message.

- Be a coach rather than trying to solve your student's challenges yourself.
- Be an anchor. Keep your student informed about developments going on at home.
- Ask about courses rather than focusing only on grades.
- Send care packages. A card or letter can also remind them that you are thinking of them.
- Expect change.
- College students care more about what you think than they are likely to let you know. They quote you, talk about you and look for encouragement. Sometimes they want your advice and sometimes they just want you to listen.
