**AUTHORITY:**
The California Fair Political Practices Commission
The Political Reform Act of 1974, Government Code Sections §81000 to §81016
CSU Executive Order 295: Designation of Filing Officers under the CSU Conflict of Interest Code HR
Coded Memo 2015-05; CSU Employment and Conflict of Interest and Incompatible Activities PHS
(Public Health Services) revised regulations dated 8/25/2011: 42 Code of Federal Regulations, Part 50,
and 45 Code of Federal Regulations, Part 94.

**OVERVIEW:**
The Political Reform Act requires CSU, as a State agency, to adopt and communicate conflict of interest
 codes. The Act requires most state and local officials and employees to publicly disclose their personal
 assets and income. They must also disqualify themselves from participating in decisions that may affect
 their personal economic interests.

**POLICY:**
California State University East Bay policy reflects the conflict of interest codes, which require those
 University and auxiliary organization employees, consultants and board members who participate in
 making decisions that could affect their personal economic interest, to disclose certain personal economic
 interests as determined by the code’s disclosure categories. In addition, certain individuals must
 disqualify themselves from participating in decisions when they have conflicts of interest.

Recognized auxiliary organizations are required to develop and maintain conflict of interest policies,
 procedures and ethics training consistent with this University policy. This includes written procedures for
determining whether a relationship, financial interest, or business affiliations results in a conflict of
interest; and prescribing a course of action in the event a conflict of interest is identified.

A summary of requirements of the filing can be found at:
