What is CSUBUY and why are we changing?

CSUBUY is the first step in transforming the way the CSU manages the Procure-to-Pay process. This change creates a foundation for future implementation of automated workflow, requisitioning, purchase orders, and AP functionality through integration into CFS and Oracle.

Who is affected by the change?

- Initially (June 1, 2020) only the current eighteen ESM Marketplace campuses will be moving to the new platform. The remaining six campuses (Fresno, Fullerton, Long Beach, Cal Maritime, Monterey Bay, and Northridge) will then be onboarded within a few months.
- Over the next few years (pending CABO approval) deeper integration into CFS and Oracle will provide additional functionality to streamline Procurement, Accounts Payable, and Vendor Management.

CSUBUY Current Functionality

- CSUBUY (in its present state) was designed to be functionally equivalent to Campus Marketplace for the initial phase

Roles & Responsibilities

- Current Roles
 - Shopper (created by logging in SSO) - Can shop, but cannot send an order to the supplier
 - Requester – Can shop and complete an order assigned to them by a shopper
 - Campus Administrator (Your primary point of contact for **all** questions)
 - System Administrator
- Responsibility (not an all inclusive list)
 - Campus Administrator
 - Add/Delete users
 - Provision user roles
 - Select default ship to / bill to addresses
 - Train users
 - Communications to users
 - System Administrator
 - Catalog enablement
 - Campus administrator assignment
 - General system maintenance
 - Communications to campus administrators

The Future of CSUBUY

Q: Is there a roadmap for the future?

A: Yes

Q: Will campuses be able to provide input on design and functionality

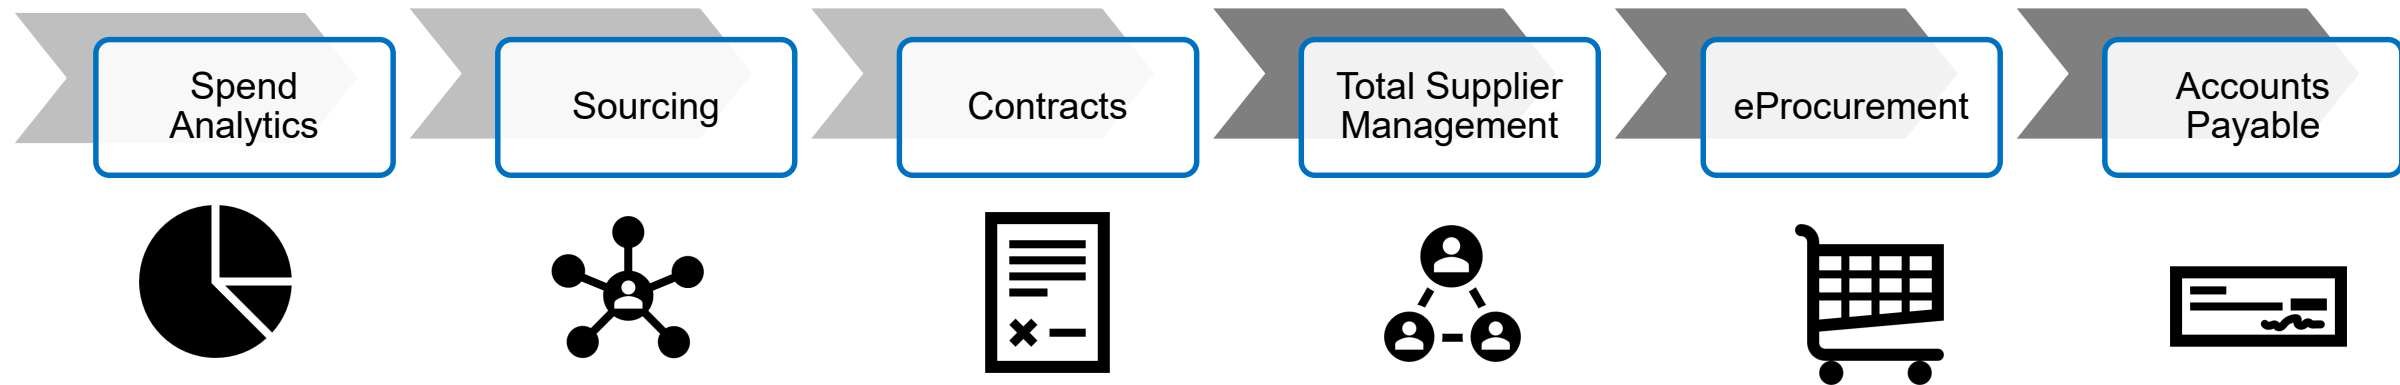

A: Yes to a degree (functional SME's at campuses have been and will continue to be engaged)

Q: Has the future roadmap been approved?

A: The concept is generally accepted. The approval, funding, final design, and implementation are TBD subject to CABO approval

Vision: Unifying Processes to Capture Value

CSUBUY - Unified Source to Settle

Harness technology to:

- Reduce paperwork
- Reduce costs
- Mitigate risk/Business continuity
- Increase Spend visibility

- Leverage Spend
- Increase Productivity
- Ensure Compliance and Control
- Eliminate redundant systems and processes

CSUBUY Demonstration and User Training

The screenshot displays the CSUBUY Shopping Home Page. At the top, there is a navigation bar with the CSUBUY logo, a currency indicator (0.00 USD), and a search bar. Below the navigation bar, the page is titled "Shopping Home Page".

The main content area is divided into several sections:

- Organization Message:** A red header with the text "Welcome to the CSUBUY TEST ENVIRONMENT!".
- Online Searchable Help:** A red header with a search input field labeled "Search By Keyword" and a "Browse the Table of Contents" link.
- Shop:** A red header with a search input field and a "Search" button. The search field contains the text "Search for products, suppliers, forms, part number, etc.".
- Showcases:** A red header with two sub-sections:
 - GENERAL:** A row of five logos: Amazon, Complete Book, School Specialty, STAPLES, and WESCO.
 - INFORMATION TECHNOLOGY:** A row of six logos: B&H, CDWG, Connection, DELL, GraybaR, and hp invent.

At the bottom right, there is a footer with the text "Powered by JAGGAER | Privacy Policy | Got Feedback?".
