Students interested in pursuing a minor should consult with a Psychology major advisor for course recommendations that fit their interests and career objectives. A minor grad check must be completed during the semester prior to graduation to ensure the minor is noted on your transcript.

No more than 3 courses may be double-counted towards the Psychology minor and the major.

Students must complete the above requirements with at least a C (2.0) average and complete all other university requirements. This checklist is for informational purposes only. Please see the official catalog for additional course details and complete degree requirements.
