

What must I do if I become injured or ill on the job?

EMPLOYEE'S RESPONSIBILITY

Report the Injury/Illness to your Manager/Supervisor

You must report any injury or illness to your manager/supervisor within **8 (eight) hours**, no matter how trivial the injury may seem. You will need to provide him/her when and where the injury/illness occurred, what happened, and if anyone witnessed the injury. You will need to complete an **Employee's Injury/Illness Report** form describing the incident. Additionally, the manager/supervisor will need to complete a **Supervisor's Report of Employee Injury/Illness** form from the information you provide. **This report must be completed by your Supervisor not by you, the injured employee.**

Contact Risk Management and Internal Control at (510) 885-7668 or (510) 885-4227 within 8 hours (eight) hours.

Prompt reporting of an injury/illness will help prevent problems and delays in receiving benefits, including medical care you may need to avoid further injury.

Medical Treatment

The following applies if the injury/illness requires medical assistance:

- **Call 911 immediately** from any campus phone. You will be connected to a campus police dispatcher who will send the needed emergency medical personnel. Injuries/illness include but are not limited to:
 - Excessive bleeding and broken bones
 - Chest pain
 - Unconsciousness
 - Life threatening injuries

- **First Aid:** If the injury or illness requires medical attention and it is **not** an emergency, your manager/supervisor will direct you to Student Health Services and contact Risk Management and Internal Control. Our campus medical facility is designated to treat FIRST AID injuries and illnesses that require **no more than one visit**. When you go to Student Health Services for evaluation and/or treatment, Risk Management will provide you with an *Authorization for Treatment* form to take with you. These injuries/illness include but are not limited to:
 - Minor injuries and illnesses
 - Cuts, scratches, scrapes

- **Beyond First Aid:** You will be referred to an Occupational Health Clinic unless there is a *Notice of Pre-designation of Personal Physician* form on file in Risk Management and Internal Control.

Injuries/illness include but are not limited to:
 - Back injuries, knee strains
 - Exposure to hazardous substances
 - Cumulative trauma injuries

- **After Normal Business Hours and Weekends:** Please go to the nearest Hospital Emergency Room or Urgent Care Clinic. Contact the University Police Department to report the injury by dialing 911 from a campus phone or call dispatch at (510) 885-3791. Contact your supervisor and Risk Management and Internal Control on the next business day.

Risk Management and Internal Control may provide you with an **Authorization for Treatment** form referring you to a Designated Occupational Medical Facility.

You will also be instructed to complete an ***Employee's Claim for Workers' Compensation Benefits (DWC-1)*** form. The injury/illness reports and DWC-1 will be forwarded to our Workers' Compensation Third Party Administrator. The Third Party Administrator will then make the final determination of whether your injury/illness is work related and what benefits you are entitled to receive.

Contact Risk Management and Internal Control immediately at 885-7668 or 885-4227 to report medical treatment.

Employee must provide MEDICAL NOTES to Risk Management and Internal Control. Until employee is returned to full duty without restrictions, work restrictions and follow-up appointments need to be provided to Risk Management within 8 hours after each appointment.

Employee is personally responsible for working within the limits of their physician's work restrictions. If he/she is unable to perform the tasks assigned, employee must contact their **supervisor/manager and the Workers' Compensation Coordinator immediately.**

Once the employee has been returned to full employment, CSU policy states that an employee who is absent attending doctor's appointments, physical therapy, treatment, or medical procedures during their work hours will be charged for their time away from work. This time will be charged from their available leave credits (i.e., sick leave, vacation, CTO...)

Managers/Supervisors are highly encouraged to accompany their employee to the physician's office if the employee is unable to transport themselves to the medical facility.
