

# CSUEB Universal Waste Program

Got waste? Use the guide below for proper disposal of batteries, aerosols, bulbs, and e-waste.

## Alkaline, Nicad, Lithium and UPS Batteries\*

Decide if you have a few batteries or a lot?

A lot of batteries

1. Tape the ends of the batteries if bigger than 1.5 volts
2. Contact EHS for labeled container
3. Place alkaline batteries in one container and Nicad, Li, etc in another
4. All containers will be emptied 1 year after batteries are placed inside

A few batteries

1. Tape the end of the batteries if bigger than 1.5 volts
2. Place batteries in a plastic bag
3. Send to Shipping and Receiving or
4. If you live in the Residents' Hall, drop off at the Lassen Hall front desk.

\*If hand batteries are corroded please hand deliver in a plastic bag to EHS.

## Aerosol cans & light bulbs

Contact EHS-  
1-510-885-4024

## Electronic Waste

Contact Matt O'Keefe-  
1-510-885-4256

## Computers

Contact IT-
