

INTERN: \_\_\_\_\_ SITE: \_\_\_\_\_ TERM: \_\_\_\_\_

Instructions: Clock hours must be logged into CALIPSO by the intern, and are submitted to the supervisor for review and approval at the conclusion of the internship. This log is a tool to enable students to accurately keep track of hours, and can be completed either daily, or weekly. The form should be reviewed with the internship supervisor periodically to confirm that hours are being accurately entered into CALIPSO by the intern. If clock hours earned included consultation/collaboration, list those additionally in the last columns.
