

Campus Sustainability Committee Meeting

Friday, March 10

AE 247

(2pm - 3:30pm)

Agenda:

1. Introductions

- a. New Faculty Member: Patty Oikawa, Earth & Environmental Sciences

2. Public Comment

3. New Waste System on Campus

- a. Single Stream to Triple Stream
- b. Overview of how the system works
- c. Weekly Trainings
- d. Zero Waste SubCommittee

4. Task Force Discussion/Decision Items

- a. Procurement Task Force
 - i. 100% Recycled Content Print/Copy Paper recommendation to Cabinet
 - 1. Update
 - 2. Discussion:
 - a. How do we get the word out?
 - ii. EPEAT/ENERGY STAR recommendation for appliances and electronics
 - 1. Update
- b. Climate Action Plan Task Force
 - i. Climate Action Plan
 - 1. Update

5. Next Meeting

- a. Friday, May 5, 2pm - 3:30pm in SF 0329 (Academic Senate Room)

6. Closing Remarks/Comments

=====

1. Introductions

- a. Patty Oikawa, Faculty, Earth & Environmental Sciences

2. Public Comment

- a. There were no public comments

3. New Waste System on Campus

- a. Single Stream to Triple Stream - Update of waste containers has been implemented; Facilities & Sustainability worked together. Resources with specific descriptions are on the [Sustainability website](#). Complies with City of Hayward standards.
- b. Overview of how the system works - Starbucks lid can be recycled, cup/cardboard jacket in compost. K-cup goes in landfill. Information on e-waste (batteries, etc.) located on the [Sustainability website](#).

- c. Weekly Trainings – Jillian will be providing training workshops (running from March 17 through the end of April) to educate campus community on segmenting waste. Reminders are being promoted in LEEP newsletter.
- d. Zero Waste SubCommittee – being formed. Jim Zavagno, Facilities and Debbie Chaw, Business Administration are supportive. Jillian asks for referrals:
 - i. Possibly Terri Ramirez, Kathy Cutting (Concord, by phone), Jeff Krump, City of Hayward. Michelle Rippe recommends Honor Society Students to become involved – as they have service learning requirements. Waste audit being conducted on April 20th. Give attention to Library (food waste).
 - ii. ACTION ITEM - identify Zero Waste SubCommittee members via CSC

4. Task Force Discussion/Decision Items

- a. Procurement Task Force
 - i. 100% Recycled Content Print/Copy Paper recommendation
 - 1. 100% Recycled Content Print/Copy Paper recommendation to President. Part of larger Climate Action Plan, which will need to be approved by Cabinet. Pieces of the plan can be approved by division VPs.
 - 2. Duplicating Services and purchases through the Staples marketplace would default to 100% recycled content papers. It was noted that ASI has created a resolution & adopted unanimously in support of 100% recycled papers.
 - ii. How do we get the word out about policy updates?
 - 1. Since Debbie Chaw is a member of this committee, ultimately implementation will need to rollout through Procurement. The issue has been verbally approved by Provost Inch and Debbie Chaw.
 - iii. EPEAT/ENERGY STAR recommendation for appliances and electronics
 - 1. Based on other CSU and UCOP policies.
 - 2. Has gone through Procurement Task Force – we have draft language that recommends a policy to have appliances/electronics EPEAT or higher, with EnergyStar as a second choice. Another note: when product is delivered, have defaults set at energy efficient (vs. IT being tasked with resetting them after arrival).
 - 3. Working with Eric Neumann in IT on recommendation language.
 - 4. We have an Interim CIO right now. Recommendation cannot finalize until approx. end of Summer when permanent CIO is on-board.
- b. Climate Action Plan Task Force
 - i. Climate Action Plan (CAP)
 - 1. Hired AmeriCorps ClimateCorp Fellow, CSUEB alum, to assist

2. Combining 4 existing transportation surveys into two surveys - one for those that purchase a parking permit and one for other commuters - to collect necessary transit and greenhouse gas data
3. Analyzing campus space available for solar (PV) on parking lots and rooftops in response to a solar solicitation call by the CSU Chancellor's Office
4. Shared draft table of contents for CAP

5. Next Meeting

- a. Friday, May 5, 2pm - 3:30pm in SF 0329 (Academic Senate Room)
